

Rotary Youth Program of Enrichment (RYPEN) ...

Our Club agreed to organise and manage the District 9810 RYPEN Seminar/Camp for the 2007/2008 and 2008/2009 Rotary Years. We subsequently continued the role for the 2009/2010 and 2020/2011 years before handing the task back to District Committee with multi-Club representation.

RYPEN is a development seminar for young people aged 14-17, which (at the time) took place over 3 days, and focused on teamwork, personal skills, leadership and fun!

As organisers, our role involved:

- Conducting a reunion of the previous years' participants;
- Training of Team Leaders (previous participants) for their role in running in seminar;
- Developing the seminar program; and
- Putting in place all of the administrative arrangements.

Hear no evil, Speak no evil, See no evil ... maybe; ... but not so sure about Doing no evil

Apart from the organising committee, other Club members were called to attend during the night

During our involvement, the live-in camp was held at the Oasis Youth Camp in Mount Evelyn.
